Debut Halloween Book Unveiled at Fairfield Woods Library's StoryWalk®

Fairfield, CT, October 19th, 2023 — Just days after receiving first edition copies of <u>Superhero Cowgirl Princess,</u> the Fairfield-based mother and daughter author and illustrator team are excited to announce that their book will be exhibited during this year's Halloween season at the Fairfield Woods Library's StoryWalk® at 1147 Fairfield Woods Road in Fairfield, Connecticut.

StoryWalks are pages of a children's picture book lined up on display in outdoor settings for people to read and enjoy as they walk along a path. About 30 books have been displayed at the Fairfield Woods Library's StoryWalk since it was installed in 2021.

<u>Superhero Cowgirl Princess</u> is the story of how one girl expands her imagination by creating her own unique Halloween costume. It spotlights a tender and poignant discussion between a mother and daughter about using one's imagination to think past limitations. Even with a dragon included, it's an uplifting Halloween story without being scary at all.
